### **AUTHORIZATION FOR SOLID WASTE AND RECYCLING FACILITIES LOCATED IN SPECIFIC COUNTIES\* TO TEMPORARILY INCREASE OPERATING HOURS DUE TO SEVERE WEATHER EVENT**

As a result of severe weather resulting from Hurricane Sandy and acting under Executive Order #104 dated October 27, 2012 and Commissioner Martin's Administrative Order of October 28, 2012, the Solid and Hazardous Waste Management Program hereby approves an increase in the approved operating hours of all solid waste facilities (i.e. incinerators, landfills, and transfer stations) and Class B and Class C Recycling Centers located in the following counties: Middlesex, Monmouth, and Ocean. **These types of facilities may operate on a 24 hour basis from January 4, 2013 through February 4, 2013.** The additional hours of operation allow for acceptance of materials and processing of materials.

Facilities must maintain compliance with all other requirements of their solid waste facility permits or recycling center approvals. **This approval applies only to hours of operation. Facilities seeking an increase in capacity must submit a written request to [solidwasteemergencies@dep.state.nj.us](mailto:solidwasteemergencies@dep.state.nj.us) and include the increased tonnage and duration requested.**

\* Any facilities located outside of the above listed counties that are receiving debris directly related to Hurricane Sandy may apply for authorization of 24 hour operations by emailing the address listed above. All of these requests will be dealt with on a case-by-case basis.

If you have any questions regarding this notice, please contact us at (609) 292-9880 or through the e-mail address listed above.

Mary Jo M. Aiello, Director

Solid & Hazardous Waste Management Program
